

ARIA SLED

Aria Sled is a contemporary dining chair with a comfortable upholstered seat and backrest on solid stainless steel sled base. The seat has a steel structure with "S" shape springs for extra flexibility and strength. This steel frame is moulded by injecting polyurethane foam. The chair is suitable for both residential and commercial use. Aria Sled's sturdiness sled base that moves very smoothly on carpets has the chair especially preferred for lounge, restaurants, and other public areas.
