

# LANGHAM

Langham Side Chair, a remarkably stylish chair, has been flawlessly manufactured without any compromise having been made on its comfortableness by combining diverse forms, metal pieces and welded points. This incredible chair has been meticulously created by high tech equipment after a long R&D process. The upholstery is manufactured by expert craftsmen, using laser-cut, high-end technology machines. Langham Side Chair is a timeless chair that will remain to be a statement piece for decades to come. This chair can also be used outdoors, if it goes through cataphoretic coating process, which is an extra treatment that can be requested for orders of over 24 chairs.
