

CAPRI FULL UPH.

Capri Full Upholstery is a contemporary dining chair designed to deliver exceptional comfort and durability. It features a fully upholstered seat and backrest supported by steel legs wrapped in PPM, offering both strength and a refined visual finish. The seat structure incorporates S-shaped steel springs, enhancing flexibility, support, and long-term comfort. The steel frame is moulded with injected polyurethane foam to ensure ergonomic performance and structural integrity. Suitable for both residential and commercial environments, Capri Full Upholstery is a versatile seating solution for dining areas, restaurants, and hospitality spaces.
